WELCOME TO EASTER IN KAUTOKEINO!

There is a lot happening during the yearly Sámi Easter Festival. The Easter celebrations have a long history and many traditions, that have grown substantially to be the largest festival of Sápmi. People all over the world are coming.

Guovdageaidnu, the heart of Sápmi is incredibly vibrant at Easter! We can take part of the market, enjoy yoik and Sámi music and experience other cultural events. And of course, Sámi Grand Prix, which is now starting the whole show!

On behalf of Guovdageaidnu municipality, I welcome everyone to Guovdageaidnu. Almost everyone in Guovdageaidnu are Sámi speakers.

For us, the Sámi traditions, perspectives and world perception are in the center of all of our activities. Guovdageaidnu is the largest reindeer municipality, and the permanent residents (dálon) have kept the traditional meahcástan traditions alive.

I thank all the organizers and volunteers and the community for their good work in promoting our area, culture and language. Happy Easter to everyone! I know for sure that our unique Easter celebrations will remain forever in our memory!

WELCOME TO SÁMI EASTER FESTIVAL 2025!

This year's program is packed with exciting events for all ages. Sápmi needs a gathering place where we can come together, connect and simply just have fun - and Sami Easter Festival is exactly that.

Building on past traditions while introducing fresh changes, this year's festival brings new experiences while keeping our beloved traditions alive. The festival continues to grow each year, and for the first time, we are moving Sámi Grand Prix to the weekend before the festival, giving it a special spotlight. On Easter Saturday, we are adding a touch of nostalgia by hosting the lasso-throwing competition and the reindeer race together outside Báktehárji - just like in the good old days in Buleťjávri. Beyond that, the program is rich and varied, giving you the opportunity to choose the activities that interest you most.

A heartfelt thank you to the locals, our funding and support partners, and the volunteers! Together, we create the best Easter festival ever, year after year. Wishing you all a fantastic Easter and a warm welcome to Sámi Easter Festival 2025!

REINDEER RACING

Reindeer racing is an old Easter tradition that is much older than the festival itself. At Easter, the Sámi people gathered and celebrated among themselves, and held races to find out who had the fastest reindeer, before spring migration and they moved to the summer grazing areas on the coast with their reindeer. Reindeer racing will be arranged like back in the old days, with sledges and both the racer and the reindeer will be decorated with beautiful Sámi colors.

SCATTERED CONVERSATIONS

This is the third year that Ávvir is hosting a live podcast on stage at the Easter Festival. This year, as in previous years, it will be a light topic that will bring you joy, be able to enjoy yourself and maybe learn something. The topics in this year's podcast are unity, Sami humor and how we talk about intimate matters or love. One of the topics will be dirty talk (snoallan). The podcast hosts ask if it is something older people still do today, or if it is also common among younger people - and what people from different generations think about the "snoallan" culture.

Riksteatret show: **Per Hansen – a faithful man**

Per Hansen is a completely ordinary man. He runs a Hertz car rental company at the local airport. Per Hansen has no secrets. Except for the one about Silje Jansen. They meet each other in a way that neither of them had dreamed of. We follow them through the year they spend together.

"Per Hansen" is a humorous, juicy, erotic and honest play about adult love, complicated life choices, and about enduring this life. Playwright Siri Broch Johansen sheds a raw and naked light on our inner and outer dark landscape, in a genuine, vulnerable, but also enjoyable way. And with a language we have probably never heard the like of on a Norwegian stage. Elle Maija Klefstad Bær is the musician on stage, and she gives the performance a power that you will really notice.

The play is in Norwegian.
